

About

Generation Next is a college readiness, access, and completion program created to correct disparities in education. The program works with students to achieve college admission, integrate into college life, and complete a post-secondary program.

Students receive programming within their high school classrooms that develops essential skills for navigating high school and college, builds their understanding of their self and interactions with others, and prepares them for college or post-secondary education.

Eligibility

- Students of color
- First generation students
- Students eligible for free/reduced school lunch

Must meet at least 2 of the above requirements.

Schools

Generation Next currently partners with high schools in the Allentown Area School District, Bethlehem Area School District, and Easton Area School District.

Scholarships

Through a partnership with Bethlehem restaurant Apollo Grill, Generation Next offers a Scholarship Fund to help students navigate the financial challenges of their college careers. Scholarships are competitive, based on academic achievement/promise, and demonstrated financial need.
